

PROTOTYPE STAGE

GUIDELINES

Congratulations, if you have been selected for the 2nd stage of Avishkaar Makeathon, i.e. Prototype Stage. To clear this round, submit your video according to the below-mentioned guidelines:

- The video should be of 3-5 minutes.
- The video should contain proper working prototype of the project.
- The video should feature all the participants.
- The title of the video should be in a specified format.
- It should be a working model showing the working clearly.
- Your model size should not be more than 5 x 1.5 ft.
- One team can submit ONLY one video. One student can belong to one team only.
- Submission dates should be strictly followed. No exceptions will be considered.
- Participants should follow the prescribed *video format* while making the video of their prototypes.
- The prototype should justify the document submitted in the Ideate stage.
- Teams will not be able to edit any team details once the registration is completed.

PROTOTYPE STAGE

GUIDELINES

- Team members should be same as registered in Ideate stage.
- Following points should be kept in mind while making the video.
